

ABSTRACT

The present invention relates to a ready-to-use oxidizing compositions comprising hydroxycarboxylic acids and salts thereof as complexing agents for dyeing, bleaching or permanently reshaping keratin fibres, in particular human keratin fibres and more especially the hair. The oxidizing composition comprises hydroxycarboxylic acids and salts thereof as complexing agents..

The invention also relates to ~~processes and devices or "kits"~~a method of using an oxidizing composition and a kit for dyeing, bleaching or permanently reshaping keratin fibres.

ABSTRACT

The present invention relates to a ready-to-use oxidizing composition for dyeing, bleaching or permanently reshaping keratin fibre. The oxidizing composition comprises hydroxycarboxylic acids and salts thereof as complexing agents.

The invention also relates to a method of using an oxidizing composition and a kit for dyeing, bleaching or permanently reshaping keratin fibres.
